Operating Your Nonprofit Organization During the COVID-19 Pandemic:
Top HR Considerations for Nonprofit Employers

Presented by:

December 4, 2020
As you know, there has been a worldwide health emergency caused by the COVID-19 pandemic. Governments and public health authorities are continuing to issue new laws and guidance around this issue. Accordingly, this area is constantly changing, and is likely to evolve and change this fall/winter.

While this webinar reflects general considerations that nonprofit employers should take into account, employers should ensure that they are using the most up-to-date information when reviewing personnel issues and making employment decisions. Please keep in mind that implementation of such considerations will be industry- and state-specific.

We note that in this webinar, we are only providing general information; the information in this webinar does not constitute legal advice. No attorney-client relationship has been created. If legal advice or other assistance is required, please contact us directly. We also note that we are not medical professionals and are not providing medical advice. Any issues raised are for discussion only as it relates to employment law.
